

Event Volunteer Application & Code of Conduct

Isle Listen's charitable work focuses on a preventative mental health education programme for young people on the Isle of Man. This programme reaches over 10,000 children and young people annually, operating in 95% of the Island's schools & UCM. The aim of this preventative work is to reduce the number of young people requiring therapeutic support in future, by teaching coping skills and resilience. We are finding that young people currently accessing 1-1 support via the Talk service, run by Isle Listen and commissioned by Manx Care, are presenting with greater emotional literacy and knowledge of coping mechanisms, enabling a more productive and positive therapeutic experience.

Isle Listen's events play a crucial role in income generation to support this essential programme. As well as raising funds, these events provide a platform to raise awareness, build relationships with supporters, and showcase the impact of the work we do. We can't do this without you, so thank you for your support.
